

Problem

1

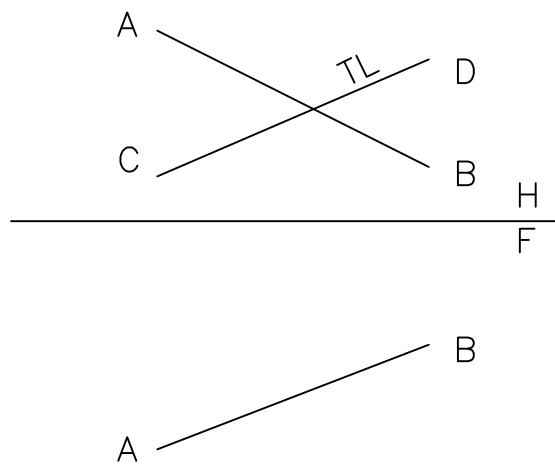

Locate Point P on the horizontal  
view of the line

Problem

2

Find the frontal view of line  
CD that intersects line AB  
Note the TL.

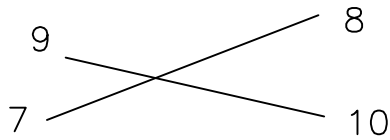

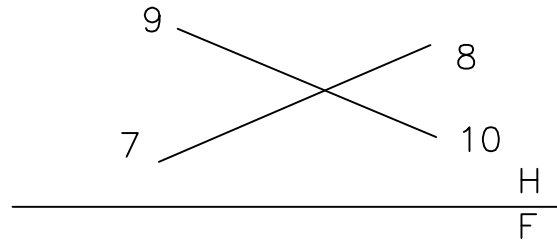

SHEET 027a

GRADE \_\_\_\_\_

Problem  
3

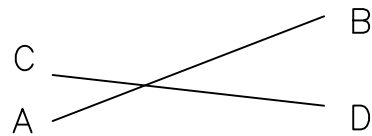

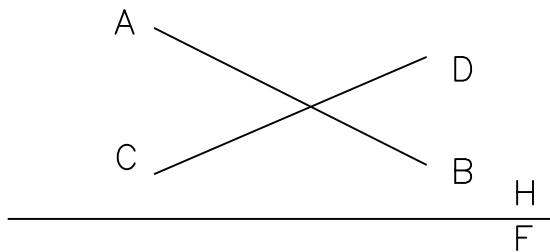

Prove the lines do not intersect.

Problem

4

Prove that line AB lies above line CD in the horizontal plane.

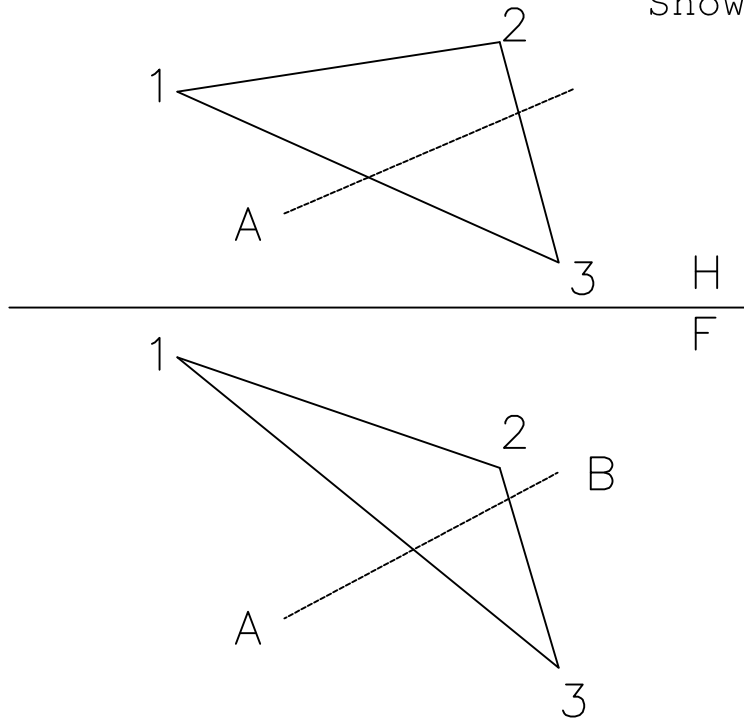

SHEET 027b  
GRADE \_\_\_\_\_

Problem

5

Show where line AB intersects plane 123 in the frontal plane.

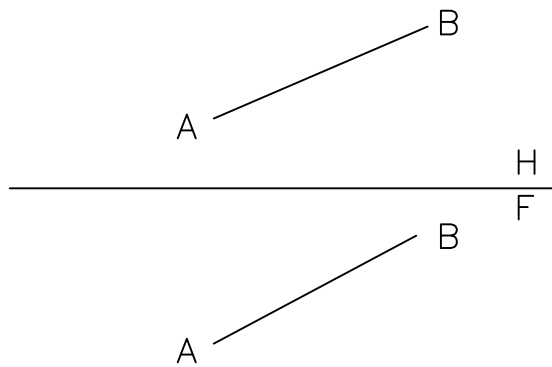

Show visibility.

Problem

6

Show line AB in true length.
