# PROJECT REPORT

Student Name:

Team:

Team member evaluation:

Which team member(s) seems to be taking responsibility for the success of the project? List all that apply by name.

Which team member(s) are not responsive to communication requests? List all that apply by name.

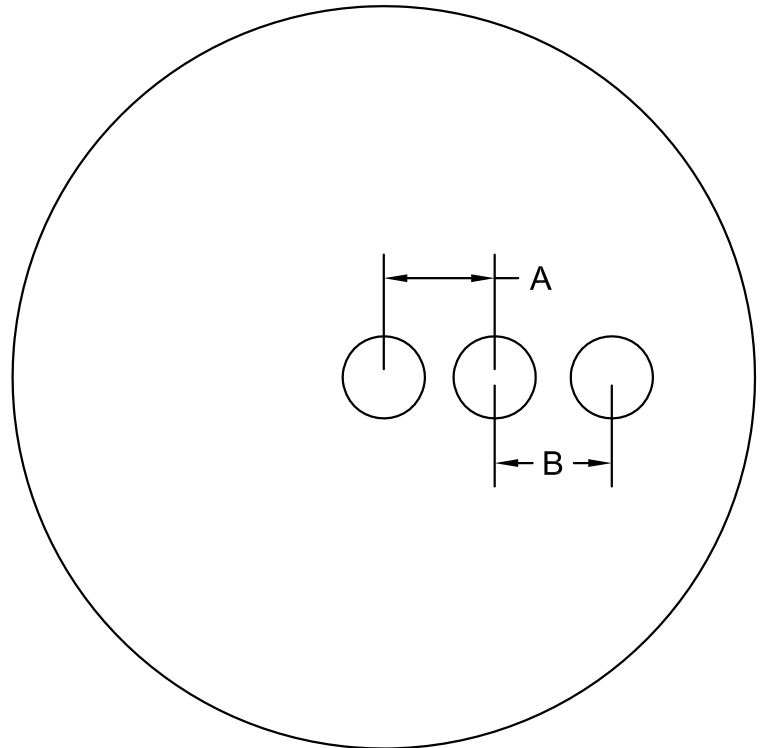

Report the following:

The spacing of the three top plate penetrations are critical to multiple component design groups. What has your team decided to use as spacings A and B?

Dimension A: \_\_\_\_\_

Dimension B: \_\_\_\_\_

How will the components attach to the top plate?

TOP PLATE
